GENERAL NOTICE

*****IMPORTANT NOTICE: PLEASE READ*****

I love to work with anyone (girls or guys \ experienced or new) that is simply interested in creating beautiful photos. I do not book a date less than 7 days away or more than 2 months away.

The rate for an individual session is \$250 and goes up \$75 per additional person. I reserve the right to do TF shoots – with whomever I desire at my own discretion.

*****ESCORT/FRIEND POLICY*****

I have no problem with you being dropped off and/or picked up by anyone (friend, significant other, parent, grandparent, etc...) you would like. They can help you with your bags; I will meet them, shake hands if needed, etc... However, anyone that has accompanied you will be required to leave prior to the shoot. No one is allowed in the studio or on the premises while shooting other than you, myself and the hair/make-up artist if required. Your focus should be on the camera and having a friend there may be distracting. If you are nervous or worried about coming alone, you may ask any of the models in my galleries (probably some of your friends) about who I am and the type of person I am. I'm fun, social and very down to earth, but when it's time to shoot, very professional. If this is an issue for you, I appreciate your interest but please do not schedule a shoot with me. If you have any other questions feel free to contact me.

*****WHAT'S INCLUDED*****

There are no restrictions on time for your shoot. Shoots come with one location on one day (mostly done in-studio). There are no outfit/clothing restrictions, you can bring as many different outfits/change of clothes as you would like. Typically, shoots do not come with wardrobe or a hair/make-up artist. However, I have several trusted hair/make-up artist I work with regularly that can provide you with any look or style for an additional fee to be determined by that specific hair/make-up artist.

Within 48 hours after the shoot is completed, you are provided online access to your photo gallery. All of the photos from your shoot are placed in your gallery and are available for viewing at any time. Proofs will not be given to you on disc or printed. Unedited photos are not available to you outside of online gallery viewing.

With the shoot you get one 8x10 and four 5x7 prints of up to five different edited photos of your choice (5 prints total). Additional prints (any size from wallet to wall-poster) can be ordered at anytime at an additional fee. Prints can only be ordered of photos that have been edited. You may purchase more edits at any time. You will also get a low-resolution (water-marked with my logo) file of each image that you purchase editing for. High resolution digital edits (email or disc) will not be given for any reason.

*****DEPOSIT, COST & PAYMENT*****

As stated above, session rate is \$250 for one individual and \$75 per additional person. There is a \$100 deposit that is required to book/hold a day. The day is not yours until the deposit has been received. I also do offer help with

themes, ideas, concepts, sample photos, posing guides or any other material with a client but not until the deposit has been received. The deposit does go towards the total cost of the shoot.

- If you cancel 7 or more days before your shoot, you will get all of your deposit back.
- If you cancel less than 7 days before your shoot, you will forfeit your deposit.

The deposit is strictly to protect the photographer and make-up artist who block days against individuals who forget they have scheduled, cancel because they forgot, or just lose the desire to do it after so long.

Final Payment for shoots can be done online up to 7 days before the shoot at:

<http://www.ltimagery.com/payment.php> (through PayPal) or in cash (or check) the day of the shoot.
